ABOUT ME

I am Ankur MERN Stack Developer, recently trained in full-stack web development using MongoDB, Express.js, React, and Node.js. Strong foundation in JavaScript, RESTful APIs, and responsive design. Passionate about building dynamic, user-friendly web applications and continuously learning new technologies. Adept at working on individual and group projects, with a focus on clean code and practical problem-solving. Eager to contribute to a professional team and grow as a full-stack developer.
